

PUBLICATION LIST OF OSAMU SAKURA (up to 2022)

BOOKS

(All materials are written in Japanese otherwise indicated)

- Sakura, O. 2020. *What is Science: A New Scientific Theory, Three Perspectives Necessary Now*. Kodansha [audible version 2021].
- Sakura, O., ed. 2015. *Design for Connecting People and "Machines."* University of Tokyo Press.
- Sakura, O. 2013. *"Convenience" Makes People Unhappy*. Shinchosha.
- Otake, F., Tanaka, S. and Sakura, O. 2012. *Economics in the Brain*. Discover Twenty One.
- Murobushi, K., Mori, M.,... Sakura, O. (12/16), ..., ... and Hirose, K. 2011. *Science into Culture --Record of Science Agora Symposium--*, Science Council of Japan Library, vol.18, Japan Science Cooperation Foundation.
- Sakura, O. 2011. *Science Promnade: 12 Dialogues to Explore the Science Mind*. Chuokoron Shinsha.
- Sakura, O. and Furuta, Y. 2006. *Science from Good Morning to Good Night*. Chikuma Shobo.
- Sakura, O., Nakajima, N. and Harashima, H. 2006. *General Informatics*. 2nd edn, The Open University of Japan.
- Sakura, O., Sawaguchi, T. and Tanuma, Y. 2005. *Life Scientists Talking about the Present Age - Time and Beyond*. Shokabo.
- Tabata, I. and Sakura, O. 2003. *100 Adventures in Science Books*. Hon no Zasshisha.
- Sakura, O. 2003. *The Essence of the Theory of Evolution*. DNP Art Communications.
- Sakura, O. 2002. *Future Genes - Life's Far Journey*. Tokyo Shoseki.
- Nakajima, H., Harashima, H. and Sakura, O. 2002. *General Informatics*. The Open University of Japan.
- Sakura, O. 2002. *Evolutionary Theory as a Tool of Thinking*. Kodansha.
- Sawaguchi, T., Ueda, N., Sakura, O., Yamamoto, D. and Nakajima, H. 2001. *Did Humans First Shout "I Love You"? Four Dialogues On Life*. Dohosha.
- Sakura, O. 2001. *Genes vs. Memes: Education, Environment, and Ethnic Conflict*. Kosaido Publishing Co.
- Sakura, O. [text] and Kino, T. [illustration] 2000. *Where Do We Come From, And Where Are We Going? -What Science Tells Us About Human Beings* [pbk edn: Chuo Koron Shinsha, 2011].
- Sakura, O. 1998. *Adventures in Life: Evolution, Memes, and Computers*. Kawade Shobo Shinsha.
- Sakura, O. 1997. *The Challenge of Evolutionary Theory*. Kadokawa Shoten [pbk edn: Kadokawa Shoten, 2003].

- Fujii, K., Kachi, N., Sakura, O., Tokunaga, Y. and Ishikawa, S. 1995. *Ecology for Beginners*. Shokabo.
- Sakura, O., Okuno, T., Hamano, Y., Ito, T. and Tatsumi, T. 1995. *The Post-Computer World: What Will Happen to the Personal Computer in the 21st Century?* Asahi Shinbunsha.
- Sakura, O. 1995. *Frankenstein's Descendants: The Wonder World of Artificial Life*. Nihon Keizai Shimbun, Inc.
- Sakura, O., Kitano, H. and Amemiya, M. 1995. *Artificial Life as a System - Clues to the Elucidation of Complex Systems*. Just System.
- Sakura, O. 1995. *How to See Life*. Hozokan.
- Sakura, O. 1993. *Artificial Life in Motion*. Dobunshoin.
- Sakura, O. 1992. *Environmental Problems as Contemporary Thought: The Symbiosis of Brain and Genes*. Chuokoron-sha.

BOOK CHAPTERS

(All materials are written in Japanese otherwise indicated)

- Sakura, O. 2021. Commentary. In: U. Nakaya: *Snow and Life*. Kadokawa Shoten.
- Sakura, O. 2015. Neuroethics: Current status and prospects. In: Riu, M. and Ushiba, J., eds., *Frontiers of Neuroscience and Rehabilitation: Brain Plasticity and Movement*. pp.242-245. Medical and Dental Publishing Co.
- Isobe, T., Mizushima, N. and Sakura, O. 2014. Public participation as a potential counter strategy against unethical optimism. In: Akabayashi, A., ed., *The Future of Bioethics: International Dialogues*. pp. 69-74. Oxford Univ Press [in English].
- Sakura, O. and Suzuki, K. 2012. Science and image: Understanding and showing. In: Niwa M., Yoshimi T., eds., *100 Million Frames of Iwanami Film* (Documentary Film Archive 1). University of Tokyo Press.
- Sakura, O. 2011. What was the role of Darwin in Japanese society? In: Matsunaga, T., ed., *Darwin's World: The 200th Anniversary of Darwin's Birth - Its Historical and Contemporary Significance*, Science Council of Japan Library, vol.17. Japan Science Cooperation Foundation.
- Sakura, O. 2010. Why do cultural figures who celebrate pseudo-science proliferate: Focusing on the case of brain science. In: Nango, Y., Kashima, T., eds., *What Is "Bunkajin"?* Tokyo Shoseki.
- Sakura, O. 2010. How should the relationship between brain science and society be? In: Iwata M., Kawamura M., eds., *Nonverbal Communication and the Brain: Connecting Self and Others*. pp.191-205. Igaku Shoin.
- Sakura, O. 2009. The view of human beings from the viewpoint of biological evolution. In:

- The Wing of the Academia: University Lectures for the 13 year-old* (Toko Gakuen Special Lessons 2). Suiyosha.
- Sakura, O. 2009. Science, technology, and view of life. In: Okuno, T. and Akishinonomiya, eds., *Animal View and Representation, Human-Animal Relationship Studies* Vol. 1, pp.214-234. Iwanami Shoten.
- Fukushi, T. and Sakura, O. 2008. Ethics of neuro-modulation: possibility and necessity of neuroethics. In: *Applied Ethics: Perspectives from Asia and Beyond*. pp.124-139. Center for Applied Ethics and Philosophy, Hokkaido University [in English].
- Sakura, O. 2008. Science and religion. In: *In Search of a New Image of Humanity. Studies in Christian Culture*, University of the Sacred Heart, pp.29-49. Shunju-sha.
- Sakura, O. 2006. A scientist's view of the world in 2050. In: JST R&D Strategy Center, ed., *Science, Technology and Society*. pp.157-170. Maruzen Planet. pp.157-170.
- Sakura, O. 2004. Is there a new horizon in the debate over human nature and instinct? In: Japanese version of Steven Pinker's *Blank Slate*, pp.294-301.
- Sakura, O. 2003. Why is diversity important? In: Nishida, T., Sato, N., eds., *New Liberal Arts Recommendations: Biology*. pp.1-24. Showado.
- Sakura, O. 2003. The evolution of knowledge. In: *The Power of Knowledge Construction, Humanities* Vol. 4, Chap. 5. Time-Life Management School.
- Sakura, O. 2001. Differentiation in and evolution of knowledge: We and the double helix. In: *Keiko Yanagisawa: Bioscientists' Departures*. Kawade Shobo Shinsha. pp.98-107.
- Sakura, O. 2000. Artificial life: the life form of Kant's thought, or, is it possible to do science by literature? In: Sena, H., ed., *Science to Approach "God": Introduction to the Study of Hideki Sena's Brain Valley*. Kadokawa Shoten [pbk edn: Kadokawa Shoten, 2000].
- Sakura, O. 2000. Between science and non-science: How Japanese is Japanese primatology? In: Sugiyama, Y., ed., *Primate Ecology: Dynamism of Environment and Behavior*. Kyoto University Press.
- Sakura, O. 2000. Life science in the 20th century: The double helix turn of knowledge. In Mizuno, S., et al., eds., *20th-21st Century Design Index*. pp.260-271. INAX Publishing Co.
- Sakura, O. 2000. Aging as a vehicle of memes. In: Endo, K., and Yamamoto, K., eds., *Evolving Aging, Evolving Society: Science and Design of Aging Society*. Agne Seifu-sha.
- Sakura, O. 1998. Meditation and wandering about the future. In: Takama, Y., *Illustrated Guide to Artificial Life*. pp.181-198. Dobunshoin.
- Sakura, O. 1998. Sowing the seeds of culture on the evolutionary floor: Evolutionary theory of curry and pickled shallots. In: Matsuoka, S., ed., *School of Information Culture*. NTT Publishing. pp.104-121.

- Sakura, O. 1998. Evolutionary theory as the study of history: a tool for restoring the body. In: Tatsumi, T., ed., *The Future of the Body*. pp.56-69. Treville.
- Sakura, O. 1997. Have the vertebrates of culture already emerged? In: *What We Want to Tell the 21st Century - For Life after Seven Generations*. pp.68-80. Kosakusha. pp.68-80. Kousakusha.
- Sakura, O. 1996. Hoffmann's barcarolle and Frankenstein's lullaby: The history and culture of artificial life. In: Hayakawa, M. and Morioka, M., eds., *Studies in Contemporary Life*, Nichibunken Sosho 9, pp.241-253. International Research Center for Japanese Studies.
- Sakura, O. 1995. Evolution. In: *TBS Encyclopedia Britannica* vol.9, pp.469-489. TBS Britannica.
- Sakura, O. 1995. A departure from "the decent man." In: *Evolution of the Biosphere*, Newest Science Theory Series, vol.27, pp.54-60. Gakken Kenkyusha.
- Sakura, O. 1994. Is the environmental problem the *Yamata-no-Orochi* of our time? In: *New Essay Note '95*. pp.307-311. Yoyogi Seminar.
- Sakura, O. 1994. Background of artificial life: Introduction I. In: Artificial Life Study Group, ed., *Artificial Life: Intersection of Information, Life, and CG*. pp.1-11. Kyoritsu Shuppan.
- Sakura, O. 1993. What is the "first step" that humans have taken in joining with monkeys In: *Earth Mysteries Travels*. Bungeishunju-sha.
- Sakura, O. 1992. The composition of modern evolutionary theory: Controversy and criticism. In: *The Latest Theory of Evolution*. Gakushu Kenkyusha.
- Sakura, O. 1990. An essay on the origin of human language: A behavioral ecological approach. In: Okui, K. ed., *The Information World of Displays*. NTT Publishing.
- Sakura, O. & Matsuzawa, T. 1989. Plasticity in stone-cracking behavior of wild chimpanzees: an eco-psychological approach to tool-using behavior. In: Sugiyama, Y., ed., *Behavioral Studies on Wild Chimpanzees*. Primate Research Institute, Kyoto University.

JOURNAL PAPERS

(All materials are written in English otherwise indicated)

- Sakura, O. 2021. Robot and Ukiyo-e: Implications to Cultural Varieties in Human-Robot Relationships. *AI & SOCIETY* <https://doi.org/10.1007/s00146-021-01243-8>
- Sakura, O. 2021. What is (should be) a research achievement? *Information Studies* 100, 1-18 [in Japanese]. http://www.iii.u-tokyo.ac.jp/manage/wp-content/uploads/2021/03/100_2.pdf
- Sakura, O., Fukuzumi, S. and Ishikawa, K. 2021. Human-centered AI: Technology, society, and culture collide. *Impact Publication* <http://www.impact.pub/>

- Sakura, O. 2020. What is meant by "new knowledge" differs between experts and society. *Academic Trends* 25(12) 22-25 [in Japanese]. <http://id.ndl.go.jp/bib/031188220>
- Kageyama, Y., He, X.,..., Sakura, O. (7/11),...and Hirata, M. 2020. Nationwide survey of 780 Japanese patients with amyotrophic lateral sclerosis: Their status and expectations from brain-machine interfaces. *Journal of Neurology* 267(10) 2932-2940
- E, Q. and Sakura, O. 2020. Who is responsible for causing and solving the problem? Responsibility attribution of medical disputes in Chinese print media. *International Journal of Health Services* <https://doi.org/10.1177/0020731420940957>
- Sakura, O. 2020. Was there a response to the provocation? The exhibition as a provocation, then and now. *Exhibition Studies* (59) 23-30 [in Japanese]. <http://id.ndl.go.jp/bib/030315459>
- Wako, K., Sakura, O., Kita, T., Mitsuhashi, H. and Oda, T. 2020. Discussion. *Exhibition Studies* (59) 42-51 [in Japanese]. <http://id.ndl.go.jp/bib/030315480>
- Sakura, O. 2020. Considering automated driving from society's side. *Trends in Science and Technology* 25(5) 67-69 [in Japanese]. https://doi.org/10.5363/tits.25.5_67
- Sakura, O. and Sugawara, F. 2019. Biological interpretation of human characteristics: Its merits and demerits. *Biological Sciences* 70(3) 134-139 [in Japanese]. https://doi.org/10.5363/tits.25.5_67
- Sakura, O. 2019. Automated driving in the perspective of science and technology studies. *Automotive Technology* 73(3) 10-15 [in Japanese]. <http://id.ndl.go.jp/bib/029550435>
- Fukuzumi, S., Jinno, M., Inagaki, K., Maeda, H., Mizukami, T. and Sakura, O. 2019. Extraction of new guideline items from the viewpoint of ELSI (Ethics, Legal, Social Issues) for service utilized AI-focus on healthcare area. *Lecture Notes in Computer Science 11570 LNCS* 482-491 https://doi.org/10.1007/978-3-030-22649-7_38
- Mizukami, T., Maeda, H. and Sakura, O. 2019. Ethics in the relationship between people, society, and artificial intelligence technology: A consideration from dialogue systems and loop effects. *Journal of Human Interface Society* [in Japanese]. <http://id.ndl.go.jp/bib/030518891>
- Weng, Y.-H., Hirata, Y., Sakura, O. and Sugahara, Y. 2019. The religious impacts of Taoism on ethically aligned design in HRI. *International Journal of Social Robotics* 11(5) 829-839 <https://doi.org/10.1007/s12369-019-00594-z>
- Amadio, J., Bi, G.-Q.,..., Sakura, O. (16/32),..., and Singh, I. 2018. Neuroethics questions to guide ethical research in the International Brain Initiatives. *Neuron* 100(1) 19-36
- Fujishima, Y. and Sakura, O. 2018. The rise of historical and cultural perspectives in fashion studies in Japan. *International Journal of Fashion Studies* 5(1) 197-20 https://doi.org/10.1386/inf.5.1.197_1

- Sakura, O. 2018. Let's dislocate the relationship between humans and AI/robots once. 5 : *Designing Media Ecology* 9 18-27 [in Japanese with English summary].
<http://id.ndl.go.jp/bib/030660329>
- Hori, K. and Sakura, O. 2018. Conversation: It's not what will happen with AI, but what to do with AI. 5: *Designing Media Ecology* 9 28-39 [in Japanese with English summary].
<http://id.ndl.go.jp/bib/030660354>
- Sakura, O. 2018. What is science for Japan (and Japanese people)? *Information Management* 60(10) 757-760 [in Japanese]. <https://doi.org/10.1241/johokanri.60.757>
- Otaki, Y., Ueda, K. and Sakura, O. 2017. Effects of feedback about community water consumption on residential water conservation. *Journal of Cleaner Production* 143 719-730 <https://doi.org/10.1016/j.jclepro.2016.12.051>
